

Tri-State Aluminum
81 Chimney Rock Road
Bridgewater, NJ 08807

11/18/2010

Chuck,

Per your request. Our secondary aluminum billet from our current supplier is being produced with 75-91% recycled aluminum.

The supplier (Pennex Aluminum) located in Wellsville, OH is currently this month at 83.1%. Of that percentage 55.4% is pre-consumer content while 27.7% is post consumer content.

Regards,

Mark Gerginski
